

All exhibit and display work is done by union personnel. There are six unions working exhibit events: Teamsters / Riggers, Carpenters, Electricians, Plumbers and Stagehands. The following guidelines will help you in preparing your exhibit to conform to union jurisdictions. Adherence to these guidelines can save you a substantial amount of money.

CSS SERVICE CONTRACTORS:

TEAMSTER/RIGGER:	Handle all freight and machinery installation and dismantle.
CARPENTER:	Handle all carpeting and the installation and dismantle of exhibit booths.

COBO INSIDE SERVICE CONTRACTORS:

ELECTRICIAN:	Handle all electrical work which includes supplying power lines to your booth, making connections when “hard” wiring and/or electrical harnesses are required, and installing lighting that is not a built-in integral part of the exhibit booth other than two single bulb individual fixtures.
PLUMBER:	Handle all plumbing work such as compressed air, water or drain, or natural gas.
STAGEHAND:	Handle stage and lighting, set-up work on stage-type productions, operate follow spots and install and operate projectors when needed.

If you encounter any difficulty with labor, or if you are not satisfied with the work performed, please report this to the CSS Service Center or Show Management. This is better than communicating directly with the labor.
